Outsourcing Makes Sense

The ImageBloom (IB) team understands that site call volumes can go up and down, which means that full time staff may not always be necessary. With the cost of hiring, training, equipment and the uncertainty of call needs, outsourcing makes sense. Our call center service can be used on an as-needed basis with no contracts or commitment obligations. All IB call center staff are fully HIPAA, GDPR and GCP trained.

Marketing Experts

The IB team has an extensive clinical research and marketing background. With a large team of marketing managers, a fully staffed design and web development team, and experienced call center support system, we provide an unmatched service to sites and sponsors.

SERVICES

- Complete medical history intake
- Data entry directly into site CTMS
- Protocol-specific screening
- Appointment scheduling
- Text and email outreach
- Result reporting

TESTIMONIAL

“From great ads, lots of leads, and call center screening they helped make our study a success.”
